DESCRIPTION

The Friends of the National World War II Memorial (FRIENDS) is a non-profit organization dedicated to uniting the generations of tomorrow by teaching the lessons of yesterday. FRIENDS is committed to preserving the legacy of America's World War II veterans through education, commemorations, and programs that honor and pass along the same shared community, values, and patriotic unity that propelled the Greatest Generation to victory that changed the course of world history.

A stunning representation of the mission of FRIENDS is represented in the National World War II Memorial in Washington, D.C.

Test this list for museum, troop, veterans, historic preservation, educational, and charitable pro-family and patriotic appeals.
