<u>DESCRIPTION</u>

Citizen AG exists to protect your rights across America --- whenever and wherever the government won't. As a non profit organization, Citizen AG advocates for Americans who are being persecuted in the courts.

From defending the First Amendment rights of American citizens to protecting the ballot box by cleaning up our nation's voting rolls, Citizen AG donors are fiercely committed to keeping America great by safeguarding the traditional values and principles we hold dear.

Test this list for any anti-Left, pro-Constitution, conservative election-related, and America-first appeals.
