DESCRIPTION

Gator PAC Donors are fighting to protect America's election integrity by donating to help put President Donald J. Trump back in the White House *and* to elect a conservative House and U.S. Senate that will pass an America-First agenda.

With an affinity for backing military veterans running for office on the political right, these donors give to Gator PAC projects like the **Trump Defense Team** and the **Veterans Leadership Fund**.

Test this list for any anti-Left, pro-Constitution, conservative election-related, and America-first appeals.

Counts are available upon request.
